Your Name

October 24, 2026

Abstract

One page that states the question, the approach and the main contributions.

Contents

1 Introduction **2**
1.1 Contributions 2

2 Background **3**
2.1 Notation 3

A Additional Material **4**

Chapter 1

Introduction

State the problem and why it matters. Chapter 2 reviews earlier work.

1.1 Contributions

- The first contribution.
- The second contribution.

Chapter 2

Background

Summarise the work yours builds on. Cite it with its key from refs.bib, for example [1].

2.1 Notation

We write vectors in bold, for example $\mathbf{x} = (x_1, \ldots, x_n)$, and matrices in capitals, such as $A\mathbf{x} = \mathbf{b}$.

Appendix A

Additional Material

Proofs, extra tables or data that would interrupt the main text.
